5 Things to Do Right Now

1

Stop panicking — start revising

Use this time to strengthen Biology, Chemistry and Physics weak areas.

2

Watch the NTA website daily

neet.nta.nic.in is the only official source for re-exam dates.

3

Keep documents ready

Admit card, mark sheets, category certificate — have them organised now.

4

Don't make admission decisions yet

Wait for re-exam scores before finalising any college or country.

5

Talk to a counsellor if confused

Know your MBBS options in advance — India, abroad, government, private.
