Why Study MBBS Abroad After NEET?

Every year, over 20 lakh students appear for NEET. Seats in government colleges? Less than 1 lakh. That gap is real — and studying MBBS abroad is how thousands of Indian students are filling it.

Lower Fees

Many countries offer MBBS at ₹20–40 lakh total — far less than private colleges in India.

MCI/NMC Recognised

Top universities abroad are recognised by NMC, WHO & listed in IMED — so your degree is valid in India.

English Medium

Most countries offer MBBS entirely in English, so there's no language barrier for Indian students.

Global Exposure

You get international clinical training, diverse patients, and a broader medical mindset.

Study MBBS in Russia

Russia has been a go-to destination for Indian MBBS students for over 30 years. Universities such as Sechenov, Kazan, and Voronezh are globally respected and NMC-approved. If you scored well in NEET but didn't get a government seat, Russia is one of the most trusted paths forward.

01

₹20–35L

Total Course Fee

6 Years

Duration (incl. internship)

NMC ✓

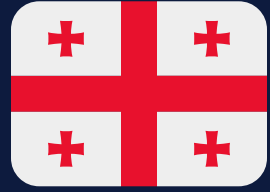

Approved Degree

English

Medium of Teaching

- ✓ No donation or capitation fee — transparent admission process
- ✓ Large Indian student community — you won't feel alone
- ✓ FMGE pass rate improving steadily with proper coaching
- ✓ Best study abroad consultant in Chandigarh — Admizion — guides you from application to visa

02

MBBS in Georgia

*European Standard
at Asian Budget*

MBBS in Georgia - Europe at an Affordable Price

Georgia is gaining popularity fast - and for good reason. It sits at the crossroads of Europe and Asia, the education quality is European-standard, and the fees are much lower than what you'd pay in private colleges in India.

Universities like Tbilisi State Medical University, David Tvildiani, AIETI are WHO & NMC listed

Total fee: ₹25–42 lakh — affordable for middle-class Indian families

Visa process is simple & fast — no language test required for MBBS

Climate and food are comfortable for Indian students

Students can return and clear FMGE / NExT to practice in India

03 | MBBS in Philippines

Philippines is unique — it's the only country outside the US where you study a US-style medical curriculum in English. The BS+MD structure (Bachelor of Science + Doctor of Medicine) is different from direct MBBS, but it's fully NMC recognised and Indian students have been thriving here for decades.

Curriculum

US-pattern medical education — globally competitive and respected by international licensing boards

Language

100% English medium — no local language needed. Professors and patients all communicate in English

Cost

₹25–40 lakh total. Living costs are low. Indian food is widely available in Manila & Cebu

Top picks: University of Santo Tomas, AMA School of Medicine, Our Lady of Fatima University — all NMC listed.

Two More Smart Options for Indian NEET Students

04 — MBBS in China

- ✓ Over 45 NMC-approved universities to choose from
- ✓ Fee range: ₹20–35 lakh — one of the lowest globally
- ✓ Strong infrastructure, modern labs, large hospitals
- ✓ One-year mandatory Chinese language bridge course before clinical
- ✓ Strict NMC screening — choose only listed colleges

05 — MBBS in Bangladesh

- ✓ Nearest neighbour — short flight from Kolkata or Delhi
- ✓ Same syllabus pattern as India — easy transition
- ✓ No language barrier — Bengali & Hindi are close
- ✓ Fee: ₹30–45 lakh total — good value for money
- ✓ Strong for students who want to stay near home culturally

06 | MBBS in Kazakhstan — The Rising Star

Kazakhstan is the newest popular choice — and students who go early get an advantage. It offers modern campuses, affordable fees, and a lifestyle that's comfortable for Indian students.

₹22–38L

Total Fee (6 years)

NMC Listed

Degree Recognition

English + Rus

Medium of Instruction

What to Know Before You Go:

- ✓ Top universities: Astana Medical University, Al-Farabi Kazakh National University, NJSC Medical University
- ✓ Safe country with growing international student population — Indian food & community available
- ✓ FMGE/NExT coaching support available — Admizion helps students prepare even before they return
- ✓ Climate is cold but manageable — fully heated campuses and dormitories

Side-by-Side Comparison — All 6 Countries

Country	Approx. Fee (INR)	Duration	Language	NMC Status	Best For
